THE CURRENCY ACT.

4 and 5 Vic.: Cap. 93.

"An Act to regulate the Currency of this Province."

ABSTRACT.

1. Preamble represents that by the several Acts heretofore in force in both sections of the Province, the relative value of the gold and silver coins therein current by law has not been accurately established; that the comparative value of the pound sterling and of the pound in Halifax currency is inaccurately described, and it has therefore become expedient that a just proportionate value be affixed to the pound sterling, so as to determine its exact value in the gold and silver coins current in this Province; and that it is expedient to repeal all existing laws in either section of the Province relating to the value of such coins which have been found to be based upon erroneous principles, and to give to the said coins a fictitious value. The Enacting clause accordingly repeals, from and after the passing of this Act, all previous laws contrary to its provisions.
2. The Pound currency declared to be such that £1 4s 4d currency shall be equal to and be a legal tender for the pound sterling represented by the gold sovereign.
3. Sterling money declared for the future to have the value in currency assigned by clause 2, with regard however, to past transactions, the value shall be governed by the intentions of the Legislature at the time when they took place or of the parties who entered into the same.
4. The gold Eagle of the United States coined before 1st July, 1834, shall pass and be a legal tender for £2 13s 4d currency, and the Eagle coined after that day shall pass and be a legal tender for £2 10s currency.
5. The gold coins of Great Britain or of the United States coined before the 1st July, 1834, being multiples or divisions of those above mentioned, and of proportionate

weight shall for proportionate sums pass current and be a legal tender to any amount by tale, Provided that, in any one payment above the sum of £50 the payer may pay or the receiver may insist on receiving the said British gold coins or United States coins (before 1st July, 1834,) by weight at the rate of £4 14s 10d currency, per ounce troy, and in like manner the United States gold coined after the above day, may be paid at the rate of £4 13s currency per ounce troy.

6. The French gold coin of forty francs and its multiples or divisions coined before the passing of this Act, may be weighed in bulk and shall be a legal tender at the rate of £4 13s 1d currency per ounce troy, when offered in sums not less than £50 currency.

The old doubloon of Spain, the Mexican and Chilian doubloon, and the parts thereof coined before the passing of this Act may be weighed in bulk as aforesaid, and shall be a legal tender at the rate of £4 9s 7d currency per ounce troy, when offered in sums of not less than £50 currency.

The gold coins of La Plata and Columbia coined as above, may in like manner be weighed, and shall be a legal tender for £4 9s 5d currency per ounce troy, when offered in sums of not less than £50 currency.

The gold coins of Portugal and Brazil coined as above, may in like manner be weighed, and shall be a legal tender for £4 14s 6d currency when offered in sums of not less than £50 currency.

7. The milled dollar of Spain, the dollar of the United States, of Peru, Chili, Central America, and the States of South America, and Mexico, coined respectively before the year 1841, and not weighing less than 17 dwts. 4 grains troy shall pass for 5s 1d currency, and the half-dollar for 2s 6½d currency, and such coins shall be a legal tender by tale to any amount; but the lesser divisions shall pass at the following rates—the quarter dollar at 1s 3d currency, the eighth at 7½d currency, the sixteenth at 3½d currency.

The subdivisions (less than halves) shall only be a legal tender to the amount of £2 10s currency.

8. The 5 franc silver piece of France shall be a legal tender by tale to any amount at 4s 8d currency.

9. The Governor may hereafter by proclamation extend the provisions of the three last clauses to other gold and silver coins of a later date which having been assayed, shall have been found equal in fineness to those above referred to.

10. The British Crown shall pass current for 6s 1d currency, and its divisions at proportionate rates. These shall be a legal tender to the extent of £2 10s currency. Provided always, that the holder of the Notes of any person or body corporate to the amount of more than £5 shall not be bound to receive more than that amount in payment of such notes if presented at one time, although each or any of such notes be for a less sum.

11. The copper penny of Britain or any other which Her Majesty may cause to be coined, if not less than 5-6ths of the weight of such copper penny shall pass for one penny currency, and the halves and quarters thereof for proportionate sums.
